

BLJC selects ComplyWorks to support vendor compliance management across Canada

Calgary, Alberta (September 28, 2010)—ComplyWorks is pleased to announce that BLJC, Canada’s leading fully-integrated real estate management services company, has selected Complyworks suite of solutions to manage compliance of BLJC’s vendors with regulatory and corporate requirements.

“We looked at a number of solutions, and ComplyWorks was the one that best understood our requirements and how to meet them,” says Mike Greidanus, Vice President, Business Innovation and Strategic Sourcing at BLJC. “We work with thousands of vendors across Canada to provide services that range from janitorial to building systems maintenance, and landscaping to engineering. ComplyWorks has the flexibility to help us build stronger relationships with all of them, while meeting the compliance needs of our business.”

The leader in vendor compliance management, ComplyWorks’ suite of solutions allows facility and property management companies of all sizes to streamline the engagement of external service providers from pre-qualification through to project or contract completion. Only ComplyWorks’ relevant compliance with active monitoring provides the flexibility to meet the needs of multiple industries, and the business requirements of individual companies within those industries.

“The flexibility of our products enables us to provide a vendor compliance management solution that is tailored to the property and facility management industry and the diverse groups that play key roles within it,” says Cal Fairbanks, President and CEO of ComplyWorks Ltd. “We’re committed to partnering with leaders in the industry to extend the value we provide to employers, vendors, contractors and workers, and are proud to welcome BLJC—a true leader—to ComplyWorks as an Employer member.”
